To Whom It May Concern:

Applicant's undersigned representative respectfully requests correction of the correspondence address, and issuance of a Filing Receipt, in the above identified application. A Change of Correspondence Address for an unrelated application appears to have been entered in the records of the above identified application. The attached printout of the Patent Application Information Retrieval (PAIR) Image File Wrapper page shows that a Change of Correspondence Address was entered on April 5, 2004. The Change of Correspondence document which was entered is attached. The entered document is stamped "JCWSCS 05 APR 2004," and was submitted by a Regina Harris for Application Number 10/751,726.

A printout of the PAIR Address & Attorney/Agent page, attached, shows that Ms. Harris' address was mistakenly entered as the correspondence address for the above identified application, Application Number 10/751,172. Ms. Harris is not an inventor in the present application (see attached Declaration). Furthermore, the present Applicant has appointed only practitioners associated with USPTO Customer Number 36872 as his attorneys in the present application. Neither Applicant nor any attorney of record changed the correspondence address in the present application. Applicant's undersigned representative believes that the Filing Receipt for this application may have been mailed to the incorrectly entered correspondence address.

Atty. Docket No. OPP 031047 US
Serial No: 10/751,172

Please find attached a new Change of Correspondence Address form with the correct correspondence information for the above identified application. Applicant's undersigned representative respectfully requests that the USPTO:

1. Update its records, including those in the Patent Application Information and Retrieval (PAIR) database, to reflect the correct correspondence address and to associate the present application with Customer No. 36872; and
2. Issue a Filing Receipt for the above identified application to the corrected correspondence address.

Further facts in support of the USPTO's error in this case can be provided on request. Early correction of the USPTO's records in the present application, and prompt notice of such correction, are respectfully requested.

Sincerely,

Andrew D. Fortney, Ph.D.
